### Autumn 2020

Principal Text: *Geography for Edexcel (2017) Oxford*

Unit 5 Migration, Identity of Sovereignty

The term we will examine the impact of globalisation on international migration alongside an analysis of nation state formation and the role of international organisations in managing and organising our world.

Unit 4 Geographical Research.

In preparation for university study the unit 4 challenges students to research, evidence and produce a report on key geographical issues. This term Tectonic Activity and Hazards will be investigated.

The Year 13 will be studying the A2 elements of the course in parallel and will be using a wide range of sources and learning opportunities. Students are expected to be independent and self directed.

Links with fundamental values

Geography education encourages pupils to explore how places have been changed by the contexts and processes that have shaped them. It helps them to understand the complex ways in which communities and societies are linked and to appreciate the diversity of people's backgrounds.

Social, moral, spiritual and cultural content  
Geography also helps pupils to understand society better. Appreciating diversity encourages positive relationships and shared values. It promotes tolerance and partnership, within local and wider communities.
