## Curriculum Outline 2019/20 – Year 10 French (CAG) Set 1

### Autumn 2019

Principal Text: *Edito B1 + Génération B1*

During this term, we will firstly look at the topic on environment, ecology, solutions for the protection of the environment and recycling. Later on we will study the topics about cities, their cleanliness, and urban art. Before Christmas, we will look again at a familiar topic which relates to education but we will focus on the choice of future studies, knowledge and careers.

These topics will serve to develop further grammatical skills which will encompass the gerundive, use of complex verbs and adjectives which are followed by preposition, reported speech, cause and consequences, and compound relative pronouns.

There will be regular assessments on the vocabulary and grammar points studied.

At the end of each unit, a formal assessment will be done.

Furthermore, as the students will take the DELF B1 exam at the end of the year, assessments will more and more take the shape of this exam.

Social, moral, spiritual and cultural content  
The classroom environment will promote a safe environment where students can feel free to share their opinion and feel heard and valued. Throughout the French DELF curriculum, we will discover the Francophone world and see how people in different communities live. The students will have the opportunity to study different cultures and beliefs, thus developing understanding and tolerance.

Opportunities to independently extend learning

films francophones on Internet  
Institut Français Londres (ciné Lumière, bibliothèque, médiathèque)

### Spring 2020

Principal Text: *Edito B1 + Génération B1*

We will first complete the topic on education and future career before moving on the topics encompassing free time, sports and health. Afterwards, we will look at literature, creation, and art.

These topics will serve to develop further grammatical skills which will include the use of both direct and indirect object pronouns in the same sentence, the *futur antérieur*, and the historical past.

### Summer 2020

Principal Text: *Edito B1 + Génération B1*

During the last term, we will prepare for the DELF B1 examinations that will take place in June.
