Behaviour Policy

Introduction

1. This policy applies to Hampton Court House School (hereafter known as “the school”, “Hampton Court House” or “HCH”).
2. This document sets out the standards to which we aspire and expect our pupils to achieve.
3. All staff have been made aware of this policy, and it is available on the school website and within the Staff policies Teams Folder.
4. This document should be read in conjunction with our *Anti Bullying Policy* and *Safeguarding and Child Protection Policy*.
5. This policy and the *Pupil Code of Conduct* will be reintroduced at the start of each academic year and referred to periodically throughout the year. Pupils are expected to know and understand the *Pupil Code of Conduct*, which may be amended from time to time.
6. The school rejects the use of corporal punishment.
7. Behaviour records are kept centrally using CPOMS and ePraise, reports are run half termly and shared with SLT. The reports are used to help us identify patterns of behaviour, particularly by protected characteristics of pupils, allowing us to take appropriate action.

Purpose

8. To promote good behaviour, self-discipline and respect, and ensure that there is no bullying. We expect behaviour in all lessons to be calm and attentive, leading to excellent learning and progress, and recognise that staff and pupils are equally responsible for this. Any incidents of unacceptable behaviour or bullying are immediately addressed.
9. To enable the whole school community to carry out the responsibilities of promoting good behaviour, maintaining order and good discipline in the school.
10. To set out a range of appropriate consequences to be adopted in the event of pupil misbehaviour.

Partnership with Parents

11. The school aims to work in partnership with parents at all times. Parents are expected to support the school in upholding the pupil code of conduct and creating an orderly climate for learning. At HCH we believe that parents have the right to be informed promptly of any emerging difficulties their children present.
12. As a school we are always happy to consider suggestions from parents and hope that parents find the school responsive and open-minded.
13. In the event of any behaviour management issue, the school will liaise closely with parents and, if relevant, other support agencies including Local Safeguarding Partnerships.

14. Parents have particular responsibilities in ensuring their children's regular and punctual attendance at school.

Involvement of Pupils

15. The behaviour and culture of HCH is enhanced when pupils are encouraged to contribute constructive suggestions. They may do this in form time, via the Student Council, via the anonymous reporting boxes, online on Tootoot, by supporting their peers, through lessons or to any teacher. We work closely with all pupils as they transition through the school, from the day they start at the school to the day they leave.

Equal Opportunities

16. In line with equal opportunities, all pupils are expected to meet the high expectations of behaviour we set.

We aim to create:

- an ethos which is based on praise and encouragement
- an environment where every child and adult feels safe and secure
- an environment where everyone respects others and treats them with kindness and consideration.

Behaviour in and around school during the school day

17. HCH aims to develop a culture where every child takes responsibility for their own actions and understands how their behaviour impacts on others.
18. Pupils at HCH are expected to:
- behave appropriately in lessons so that teachers can teach effectively and all members of the class can learn and make progress
 - act with responsibility, to show consideration at all times, and to treat all members of the school community and the public with respect, courtesy and kindness
 - take responsibility for their own safety and that of others
 - behave calmly and sensibly when moving around the school, when waiting for lessons and when not directly supervised
 - take care of the school environment, ensuring that everyone's property is respected and safeguarded
 - take pride in their appearance, adhering strictly to the dress code
 - follow the Pupil Code of Conduct to ensure a safe and happy environment.

Behaviour policy and SEND pupils

19. Vulnerable pupils and those with SEND will follow the guidance as stipulated in the Behaviour Policy or Anti-bullying Policy. However, this is subject to the consideration of a pupil's known condition and circumstances.

Behaviour Off Site

20. As per the update to the Department of Education's Behaviour in Schools guidance, "teachers have the power to sanction pupils for misbehaving outside of the school premises to such an extent as is reasonable".
21. Conduct outside the school premises and online conduct that may be sanctionable by the school could occur during the following instances:
 - when taking part in any school-organised or school-related activity
 - when travelling to and from school
 - when in some other way identifiable as a pupil at the school, i.e. when wearing the school branded PE kit or on a trip
 - that could have repercussions for the orderly running of the school
 - that poses a threat to another pupil
 - that could adversely affect the reputation of the school
22. In response to non-criminal poor behaviour and bullying which occurs off the school premises or online which is witnessed by a member of staff or reported to the school, will be followed up and investigated by the relevant pastoral team member. Statements will be taken from the witness and pupil(s) involved, and using our behaviour stages and consequences (Appendix 2), an appropriate sanction will be issued and parents will be informed.
23. Any criminal behaviour, including any bullying which may be deemed as criminal, which occurs off the school premises or online, is encouraged to be reported to the police.

Roles and Responsibilities of Staff

24. We believe that good behaviour and respect should be modelled by all staff.
25. All staff must follow the behaviour management guidelines shown in the appendices.
26. Staff should provide work suited to the needs of all individuals in their class to engage them fully and support a calm working environment. This includes those who learn quickly, those with a shorter attention span or learning difficulties, and those with additional needs including behavioural.
27. New staff are inducted with this information, and this policy and the department-appropriate behaviour management guidelines are available to staff at all times in Teams folder, on the website or in print.
28. Senior leaders are responsible for ensuring the guidelines are consistently followed to support the safe running of the school and the most effective learning.
29. Senior and middle leaders offer support to staff members if needed.
30. Should staff be made aware of any low-level concerns regarding another member of staff's behaviour towards a pupil, they must report it immediately to the Principal. Further details of our low-level concerns procedure can be found in our *Safeguarding and Child Protection Policy*.
31. An 'on-call' rota is in place for senior members of staff. Teachers are able to contact the relevant member of staff on-call during a particular period of the day and ask for their support

in removing a pupil who is repeatedly disrupting the learning of others. The pupil will be taken to a quiet place to reflect and continue their work calmly.

Staff Development and Support

32. Staff have access to a range of training opportunities to develop their behaviour management strategies and skills.
33. Suggested strategies for promoting positive behaviour are regularly reviewed and discussed. We encourage staff to discuss and share good practice.
34. Support is given to the staff overall, and to individuals by the senior leaders and the Pastoral Team.

Promoting Good Behaviour

35. We promote good behaviour and achievement through the following:
 - House Points - House Points are awarded in line with our school values and ethos, further details are included in Appendix 2
 - Personal praise - staff are encouraged to praise pupils for their behaviour and conduct where possible, and pupils are encouraged to praise their peers and themselves
 - Public praise - this includes positive news being communicated to parents through sources such as the Headteacher's weekly newsletter
 - Praise in assembly - both morning whole school assembly and section assemblies.
 - Praise from the Deputy Heads and Headteacher
 - Assemblies and PSHE lessons - focusing on different topics and themes which encourage positive behaviour such as mental health awareness or charity and service
 - Teaching pupils about good behaviour and self-regulation in topics within PSHE, and within our Pastoral Programme
 - The promotion of personal development including SMSC throughout the curriculum.
36. We are in the process of updating our rewards and are developing a pupil rewards committee for each of our school divisions to share their ideas.

Classroom Management Strategies

37. Staff use age-appropriate behaviour management strategies as set down in the guidelines for EYFS, Prep and Senior Years (see appendices).

Stages and Consequences to be Taken

38. The following steps are to be taken in case of inappropriate behaviour:
 - Reminders and warnings
 - The teacher discussing their concerns with the pupil, with reference to the pupil code of conduct if necessary
 - ePraise demerits
 - Senior Leader discussing it with the pupil
 - A Deputy Head discussing it with the pupil

- Time out from (or within) a lesson or break
- Lunchtime or after school supervision
- Internal suspensions
- Discussion with parents and possible home consequences, i.e. external suspensions.

Further Stages and Consequences

39. The following steps are to be taken in the event of non-cessation of inappropriate behaviour or more serious behaviour e.g. bullying, swearing, kicking, spitting, weapon-bearing, alcohol, drugs:

- **These are recorded in ePraise and/or CPOMS**
- Lunchtime or after school supervision
- Sent to a senior member of staff or another classroom
- Reflection with a senior member of staff
- Suspension from a club, team or sporting event
- Internal suspension (a day off timetable with a senior member of staff to reflect on the incident) and a meeting with parents
- Fixed term exclusion and a reintegration meeting with parents
- Involvement of school's support strategies (e.g. The Head of Learning Support, an Educational Psychologist, the SPA (Single Point Access for Kingston and Richmond borough))
- Physical restraint may be needed (please see the separate policy on this)
- Parents invited to meet the Deputy or Principal
- Permanent exclusion with notice to the borough.

Reflections

40. In the case of non-cessation of inappropriate behaviour or more serious behaviour, pupils in the Prep (Y1-6) will complete a reflection with a senior leader. The aim of the reflection is to allow time and space for reflection and deep discussion of the inappropriate behaviour in question to enable a pupil to understand how their actions impact them and the people around them.

Supervisions

41. Pupils will normally be expected to attend a supervision on the date and at the time set, these are held on Mondays, Wednesdays and Fridays at lunchtime or Tuesdays and Thursdays at 4 - 4.45pm. Parents are given at least 24 hours' notice for after school supervisions. However, the school will endeavour to respond positively to parents when a request is made for a deferment due to a valid, serious commitment such as a medical appointment. The reason will be noted alongside the record of detention. A reflection will also be carried out in all supervisions.

Anti-Bullying Procedures

42. HCH is determined that all pupils should feel safe at school and enjoy their education. A key feature of this is the strong stance taken against all forms of bullying. We will tackle bullying by following the consequences set out above. Full details of our anti-bullying strategies are found within the [Anti-Bullying policy](#).
43. HCH prides itself on its nurturing and supportive ethos. Where pupils are identified with particular needs resulting in inappropriate behaviour, we offer support as well as clear structures and guidelines to help pupils overcome their difficulties. These include:
- Discussion with a class teacher of choice, as a one off or regularly
 - Discussion with the Head of Learning Support, as a one off or regularly
 - Discussion with a member of the Senior Leadership Team, a Deputy Head or Principal as a one off or regularly
 - Creating an individual support or behaviour plan
 - Signposting the pupil to the school counsellor for a drop in session
 - A referral to the school counsellor for longer term support
 - Providing mentoring
 - The use of Talking Space, a support initiative giving pupils the chance to speak to older pupils
 - Referral to outside agencies, such as CAMHS, with parental involvement.
44. HCH's anti-bullying procedures also include responding to any concerns of cyberbullying. Pupils are taught the dangers and risks of inappropriate internet usage, how to spot the signs of cyberbullying and what to do if they feel they are a victim of cyberbullying. This happens within both PSHE and Computer Science lessons, where positive use of the internet is also taught to pupils. The school provides external speakers and off timetable days in addition to provide extra support and information on this issue.
45. HCH has the right to refer to external statutory agencies if specialist advice of support is required in regards to behaviour modification for the perpetrator or support for the victim with any incident.

Incidents of Sexual Misconduct including Sexual Harassment and Sexual Assault

46. HCH will not tolerate sexual misconduct in any form. Staff are trained to identify appropriate and inappropriate behaviours across the school and all allegations will be handled in accordance with the *Schools Safeguarding and Child Protection Policy* and DFE Guidance 'Sexual violence and sexual harassment between children in schools and colleges - May 2018'
47. Where necessary the police and/or SPA for Richmond and Kingston may be involved.
48. It is important to note that in higher age children, where sexual harassment has been cited, any incident, even if not perceived as sexual by the child (due to age or maturity) will be referred to the DSL, our safeguarding procedures will be followed and the incident will be logged for internal monitoring. It may be necessary to make an anonymous referral to our local SPA (Single Point Access for Richmond and Kingston) for advice.

49. Sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual “jokes” or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (the school will consider when any of this crosses a line into sexual violence) and displaying pictures, photos or drawings of a sexual nature;
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

It may include:

- non-consensual sharing of sexual images and videos;
- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media;
- sexual exploitation; coercion and threats.

50. The term ‘sexual violence’ refers to any kind of unwanted sexual act or activity including rape, sexual abuse, sexual assault and FGM. Signs a child may have experienced, or may be experiencing sexual violence could include:

- changes in behaviour - becoming withdrawn, clingy or having difficulties sleeping
- the child may dislike or be fearful of a particular person and avoid spending time alone with them
- they may display sexually inappropriate behaviour themselves or use sexually explicit language
- they may have difficulty concentrating on their learning in school, and you may see a drop in their grades
- they may drop hints about the abuse that is happening, without fully revealing it outright.

51. There are four likely thresholds for managing allegations of sexual harassment and assault:

1. **Manage Internally:** the school may take the view that in some cases, such as a one-off event, the school can manage the behaviour and a referral is not needed at this time. The behaviour will be managed in line with this Behaviour Policy, and a zero tolerance approach to sexual harassment and assault will be made clear.
2. **Early Help:** it may be decided that the children involved do not require a referral to statutory services but would benefit from early help. Early help may be used to address non violent harmful sexual behaviour (HSB) and may prevent any escalation to sexual violence.
3. **Referral to Social Care:** If a child has been harmed, is at risk of harm or immediate danger, the school will make a referral to the Kingston Single Point of Access (SPA). Parents and carers should be informed unless doing so would put the child at additional risk, this decision will be made with the support of the SPA. The DSL will work alongside the lead social worker and continue to put support in place for the victim, alleged perpetrator(s) and any other additional children concerned whilst waiting for the outcome of the referral. If it is decided by the social care team that statutory intervention is not needed, then the school will follow other support mechanisms such as early help, specialist help and pastoral help. The school will refer again if it is believed the child is in immediate danger.
4. **Reporting to the Police:** Any report of rape, assault by penetration or sexual assault is made, the school must report it to the police in the first instance. Even though the criminal

age of responsibility is ten, if a child is younger, it must still be reported to the police and take a welfare approach as opposed to criminal justice. The DSL will consult with the police as to what information can be disclosed to staff and others, and the best way to protect the victim. Parents or carers will be informed unless again, there is reason to believe this would put the child into additional risk. If a decision is made that the police will not take the investigation further, the school will follow other support mechanisms.

Incidents Involving Drugs

52. Behaviour incidents involving drugs includes pupils taking, possessing or supplying drugs with intent, this also includes alcohol. The outcome of an investigation into incidents of this kind may also involve rehabilitation or support therapy from an external provider. There may also be incidents where CAMHS are involved for both victims and perpetrators.

Permanent Exclusion

53. HCH reserves the right to exclude any pupil at its discretion, although this is an extremely rare occurrence. Pupils can be excluded for a fixed period or permanently. Pupils given a fixed-term exclusion cannot come back to school until their parents have attended a reintegration meeting.
54. Exclusion is an ultimate sanction. Except in extreme circumstances exclusion would only occur after full behaviour management procedures have taken place, and following consultation with parents. The exclusion procedure must be carried out by the Principal, or, in her absence, a Deputy Head.

Allegations Against Staff

55. If a pupil makes an allegation against a member of staff, this will be fully investigated by senior staff. This includes following our Safeguarding and Child Protection procedures if that is the nature of the allegation.
56. With regards to any low-level concerns, i.e. concerns which do not meet the threshold of harm, staff must follow our low-level concerns procedures, as outlined within our Safeguarding and Child Protection policy.
57. If the allegation is upheld, the staff member will be dealt with as outlined in our Safeguarding and Child Protection policy, or by discussion with senior leaders if the matter is not related to child protection, for example, repeatedly not helping a pupil understand a misconception which interferes with further learning.
58. If the pupil's allegation is not upheld or found to be malicious, the school will offer support as outlined above to determine why this has happened and try to ensure that the pupil sees the consequences of their action, so it is not repeated. The staff member will also be given support by senior leaders or other professionals.

Other Matters

59. Although we recognise that the following are unlikely occurrences at HCH, nevertheless the staff:

- reserve the right to search pupils for inappropriate items, in accordance with the school's search policy with parents informed as necessary
- reserve the right to use reasonable force to restrain a pupil from harming themselves or others in accordance with the schools Physical Intervention Policy, with parents informed as necessary. All use of reasonable force will be logged on CPOMS. For further details please see Appendix 3.
- reserve the right to follow our disciplinary procedures when pupils are off-site but in HCH's care (e.g. on school journeys, on the school bus)
- reserve the right to inform the relevant authorities directly in the case of Safeguarding concerns.

Transitions for Pupils with Additional Needs

60. For pupils moving up through the school into the different divisions, meetings will be held between key staff to discuss pupils with behaviour and additional needs.
61. When transitioning from Prep to Senior years, pupils will have stand-alone sessions on expectations, consequences and rewards.
62. Meetings are held with parents with identified needs on entering HCH for the first time.
63. Additional counselling is offered to all pupils who may require it.

Appendix 1 - Exclusions

Hampton Court House School recognises that exclusion is a serious matter. Decisions in respect of exclusion will not be taken lightly, but only after careful consideration and in circumstances which are fair. Only the Principal, or, in her absence, his Deputies may exclude a pupil. In doing so, they will take account of their statutory duties under the Equality Act (2010) and those in relation to special educational needs, including having regard to the SEN Code of Practice.

A fixed term exclusion or permanent exclusion is likely to be issued for a severe breach of the Pupil Code of Conduct.

A decision to exclude a student for **a fixed period** will be taken only in response to breaches of the school's behaviour policy, where these are not serious enough to warrant permanent exclusion. In most instances, lesser consequences such as detention are considered inappropriate or have so far been ineffective. The duration of the period of exclusion will be decided by the Principal and/or Deputies, but is likely to be anywhere between 1 and 5 days depending on the severity of the offence, and if a fixed term exclusion has been issued before. Whilst carrying out the exclusion, pupils will be expected to complete work sent home by their teachers to avoid falling behind. Pupils must not come into the school building or onto the school premises during this time.

A pupil cannot return to school without a reintegration meeting being held, involving the pupil, their parents and the Principal or her deputy. Support will be offered to the pupil, as appropriate, to help extinguish the behaviour leading to the fixed-term exclusion.

A pupil may be excluded for one or more fixed periods which, when aggregated, do not exceed a total of 45 school days in any one academic year. In any case, repeated fixed-term exclusions might lead to a permanent exclusion.

A decision to exclude a pupil **permanently** will be taken only in response to serious breaches of the school's behaviour policy, and if allowing the pupil to remain in school would seriously harm their education or welfare or those of others.

A permanent exclusion is an acknowledgement that the school has tried and exhausted all available strategies for improving the pupil's behaviour and will normally be used as a last resort. However, in exceptional circumstances, the Principal may judge it appropriate to permanently exclude a pupil for a first or 'one off' offence. These might include: serious actual or threatened violence against a pupil, member of staff or member of the public; a safeguarding offence; supplying an illegal drug or carrying an offensive weapon.

A pupil will only be excluded after all the relevant factors have been considered and when the Principal is convinced that there is no alternative. The Principal will ensure that:

- a thorough investigation has been carried out
- support for the pupil has been offered if appropriate
- the evidence has been considered
- where appropriate, statements have been taken from witnesses
- the pupil has had the opportunity to give their version of events.

Parents Right of Appeal

If parents seek to appeal the school's decision to exclude their child, they must put their grounds for appeal in writing to the Chair of Governors, Mr Aatif Hassan c/o the School. The matter will then be referred to the Appeals Panel for consideration.

The Governors will make provision for a hearing before a panel of at least three people who are not directly involved in the matters detailed in the decision to exclude. Where there is a panel hearing for dealing with the complaint, one person will be independent of the management and the running of the school. The Governors will be responsible for appointment of the panel.

The Governors, on behalf of the Panel, will then acknowledge the complaint and schedule a hearing to take place **within five working days**. If the Panel deems it necessary, it may require that further particulars of the exclusion or any related matter be supplied in advance of the hearing. Copies of such particulars shall be supplied to all parties **not later than five working days prior to the hearing**.

The chair of the panel will be designated from within the panel. Panel members will be familiar with and have access to the behaviour policy. The panel will give careful consideration into how the complainant can be made to feel most comfortable presenting to the panel, especially in the case of a young child having to present or explain information.

The parents should attend the hearing and be accompanied to the hearing by one other person if they wish. This may be a relative, teacher or friend. Legal representation will not normally be appropriate. After due consideration of all facts considered relevant, the Panel will decide whether or not the grounds for exclusion are upheld.

Appeals procedure

The Appeals Panel will determine the procedure to be followed to ensure that it is best placed to deal with the appeal. The procedure for an appeal is usually as follows:

1. The parents and school representative (usually the headteacher) will enter the hearing together.
2. The chair will introduce the panel members and outline the process.
3. The Parents will explain the grounds for their appeal.
4. The panel may question the parents and excluded pupil (if involved in the appeal).
5. The school's representative will explain the school's actions.
6. The parents and panel may question the school's representative.
7. The parents will sum up their argument to overturn the school's decision.
8. The school's representative will sum up the school's actions.
9. The chair will explain that both parties will hear from the panel as soon as is reasonably possible in order to resolve the matter within 15 working days of the exclusion.
10. Both parties will leave together while the panel decides.

The Panel will write to the parents informing them of its decision and the reasons for it. The decision of the panel will be final. A copy of the Panel's findings and recommendations (if any) will be sent by electronic mail or otherwise given to the parents, and, where relevant, the person complained about as well as the Governors and Principal. A copy of the Panel's findings and

recommendations (if any) will also be available for inspection on the school premises by the Governors and the Principal.

The appeals panel may:

- Overturn that school's decision to exclude
- Uphold that school's decision to exclude
- Evaluate all the evidence available and recommend changes to the school's systems or procedures as a preventative step against similar problems arising in the future.

Appendix 2 - Managing Behaviour

Managing Behaviour in the Early Years

Behaviour management is much more immediate than the approaches that follow for pupils in Year 1 and above. Learning how to behave in different situations is part of our provision for children's personal, social and emotional development, and continues as pupils progress through the school.

Inappropriate behaviour in the EYFS is approached in the first instance by children entering a brief discussion with their staff. Positive behaviour is modelled and practised. Any exceptional inappropriate behaviour will result in a verbal behaviour reflection with a senior leader, and/or discussion with parents and our pastoral team, as it may be a 'symptom' of another difficulty. In extreme circumstances, it may initiate Safeguarding or Child Protection procedures.

Behaviour management and its effectiveness in the EYFS is monitored by the Head of Early Years, and staff support one another with strategies for managing the behaviour of young children.

For further detail on strategies employed in the Early Years, please refer to the Early Years Policy.

Managing Behaviour in the Prep

Positive behaviour strategies continue from the Early Years into the Prep, with further structure provided to support pupils in being ready to learn and allowing them to achieve their best. Form Tutors take a lead in managing the behaviour of their form.

Strategies such as setting a routine for their class are encouraged tutors must ensure it is communicated to all of their class' teachers through staff meetings and via email correspondence. This should be followed up through learning walks and lesson drop ins.

Expectations for behaviour in the classroom must be clearly communicated to the pupils and consistently followed by all staff. The pupils should not be encouraged to shout out or talk over each other. The pupils should raise their hands before asking a question, when the teacher is asking the class for feedback or answers, a 'no hands up' approach is favoured, meaning the pupils must wait until the teachers calls on them to contribute, which in turn ensures a variety of pupils are participating and promotes a positive learning environment.

Teachers are encouraged to recognise the pupils' efforts and positive behaviour as much as possible and a variety of strategies are used including House Points, the Polite People Award and the Always Award. Tutors must follow direction from the Head of Prep on strategies for encouraging positive behaviour within the classroom.

There is a behaviour chart available for the Prep to aid consistency and clarity but staff must take into consideration pupils' individual needs where appropriate.

Managing Behaviour in the Senior Years and Sixth Form

We again ask staff to take a positive approach to behaviour management, building a rapport with the pupils is key to successful behaviour management, as well as rewarding and calling attention to the right choices instead of the wrong choices.

We encourage subject teachers to set a clear routine for lessons to ensure the pupils are aware of their expectations and the best possible environment for learning is created.

Seating plans should be in place where appropriate, to discourage low level disruption and again to ensure pupils are ready to learn.

Subject teachers should take ownership of the behaviour in their classroom, there is again a behaviour chart in place for consistency and to help teachers management any poor behaviour. Form tutors and SLT are available to support when needed.

If a pupil is consistently disrupting the learning of others in the classroom, SLT should be notified and the pupil will be taken to a quiet room for reflection.

We encourage staff to be generous with their House Points and fair with their demerits.

These same strategies are in place for the sixth form, however we recognise the pupils are in far smaller class sizes and are becoming adults at this stage, therefore behaviour management is built far more on trust and mutual respect. Should there be a repeated pattern of behaviour concern, conversations would take place with the Director of Sixth Form and the pupil's parents. House Points are still encouraged to be issued, but we do not expect demerits to be issued.

House Points

64. In all year groups, from Early Years to Sixth Form, we reward pupils with House Points based on the different aspects of our school ethos:

- Readiness
- Responsibility
- Respect
- Results
- Compassion
- Courage
- Curiosity
- Creativity

House Points are logged on ePraise, form tutors and SLT have access to the platform and run regular reports. Parents and pupils will also receive logins and be able to track their own points.

BEHAVIOUR CHART - PREP

Appendix 3 - Use of Reasonable Force

Definitions

The Department of Education advice for Headteachers (Use of Reasonable Force, July 2013) defines Physical Restraint and 'reasonable force' as an act that covers the broad range of actions used by most teachers at some point in their career that involve a degree of physical contact with pupils. The advice goes on to say, 'force is usually used either to control or restrain. This can range from guiding a pupil to safety by the arm through to more extreme circumstances such as breaking up a fight or where a student needs to be restrained to prevent violence or injury. Reasonable in the circumstances' means using no more force than is needed'.

The school does not use force as a punishment – it is always unlawful to use force as a punishment.

Use of Physical Restraint

Physical restraint should be applied as an act of care and control with the intention of re-establishing verbal control as soon as possible and, at the same time, allowing the pupil to regain self-control. It should never take a form which could be seen as punishment.

Staff are only authorised to use reasonable force in applying physical restraint, although there is no absolute definition of this. What constitutes reasonable force depends upon the particular situation and the pupil to whom it is being applied. However, as a general rule, only the force necessary to stop or prevent danger should be used, in accordance with the guidelines below.

In all circumstances, alternative methods should be used as appropriate with physical intervention or restraint, a last resort.

When physical restraint becomes necessary:

DO

- Tell the pupil what you are doing and why
- Use the minimum force necessary
- Involve another member of staff if possible
- Tell the pupil what s/he must do for you to remove the restraint (this may need frequent repetition)
- Use simple and clear language
- Hold limbs above a major joint if possible e.g. above the elbow
- Relax your restraint in response to the pupil's compliance

DO NOT

- Act in temper (involve another staff member if you fear loss of control)
- Involve yourself in a prolonged verbal exchange with the pupil
- Involve other pupils in the restraint
- Touch or hold the pupil in a way that could be viewed as sexually inappropriate conduct
- Twist or force limbs back against a joint
- Bend fingers or pull hair
- Hold the pupil in a way which will restrict blood flow or breathing e.g. around the neck
- Slap, punch, kick or trip up the pupil
- Use physical restraint or intervention as a punishment

Actions After an Incident

Physical restraint often occurs in response to highly charged emotional situations and there is a clear need for debriefing after the incident, both for the staff involved and the pupil. The Headmaster should be informed of any incident as soon as possible and will take responsibility for making arrangements for debriefing once the situation has stabilised. An appropriate member of the teaching staff should always be involved in debriefing the pupil involved and any victims of the incident should be offered support, and their parents informed.

If the behaviour is part of an on-going pattern it may be necessary to address the situation through the development of a behavioural IEP, which may include an anger management programme, or other strategies agreed by the Heads of Learning Support. This may require additional support from other services.

In some circumstances an Early Help Assessment may be appropriate to help identify an additional need for a particular child.

It is also helpful to consider the circumstances precipitating the incident to explore ways in which future incidents can be avoided.

All incidents should be recorded immediately on CPOMS. All sections of this report should be completed so that any patterns of behaviour can be identified and addressed.

In the event of any future complaint or allegation this record will provide essential and accurate information.

A copy should be filed in the child's appropriate file and in a central school file in order to inform individual and school risk assessments.

A member of the senior leadership team will contact parents as soon as possible after an incident, normally on the same day, to inform them of the actions that were taken and why, and to provide them with an opportunity to discuss it.

Recording the Incident

When recording the incident on CPOMS, the following details must be included:

- The date, time and location of the incident
- Names of all staff involved and whether they were involved physically or as an observer
- Details of what was happening before the incident, what triggered the event, what de-escalating techniques were used prior to the use of physical intervention, why was the physical restraint deemed necessary and any other relevant information
- Details of how the child was held
- How long the child was held
- What the child's body position was, in relation to the adult involved
- If the child has been held previously
